

Wisconsin Alliance of Hearing Professionals

Helping your practice work with national and state government

Recipient of the 2006 International Hearing Aid Society prestigious James P. Lovell Advocacy Award "In Recognition of Extraordinary Achievements as an Advocate for the Hearing Impaired"

"In my opinion, IHS would not be the strong, forward-looking organization she is today if it were not for the good works of the membership of the Wisconsin Alliance of Hearing Professionals."

Robin Clowers, BC-HIS, Executive Director International Hearing Society (1990-2004)

"Hearing impaired have an outstanding advocate in the Wisconsin Alliance of Hearing Professionals."

Charles I. Berlin, Ph.D. Professor, Otorhinolaryngology & Biocommunications Director, Kresge Hearing Research Laboratory of the South School of Medicine in New Orleans Louisiana State University

"I would like to take this opportunity to welcome you back to the capitol... Your past experience with (the Alliance) that you represented with the Wisconsin Merchants Federation will serve them well. I wish you well in your return to the private sector and look forward to working with you..."

Alliance Membership Application

Name _____ Title/Position _____

Business _____

Address _____

City _____ State _____ Zip _____

Phone _____ Fax _____ E-Mail _____

Enclosed Membership Fee \$ _____.

Valuable Membership Benefits

Membership

Your one annual dues payment entitles you to full membership in the Alliance, a nationally recognized statewide retail association representing hearing professionals. You become part of the nationally recognized "Wisconsin Model."

Legislative Vigilance

The Alliance full-time staff keeps in constant contact with your national and state legislators and regulators, from Washington, DC to Madison, on all proposals affecting your practice and your bottom line.

Annual Meeting & Quarterly Bulletins

The Alliance Annual Meeting offers 10 continuing education credit units. This includes 2 ethics CEUs now required for license renewal. Attending this meeting yearly fulfills the Wisconsin Department of Regulation and Licensing's requirement of 20 CEUs every two years. 10 IHS credits per meeting are also awarded to attendees.

Quarterly bulletins monitor legislative and governmental affairs affecting your practice and your bottom line.

Grass Roots Activities

The Alliance works closely with national and local associations daily in its effort to maintain an accurate reading of the statewide business and political climate.

Trouble Shooting

Whether universal or unique to your practice the Alliance will help work out your business and professional practice challenges.

Legislative Initiatives

If "there oughta' be a law," the Alliance will initiate legislation to deal with the problem. If there is a "bad bill," the Alliance will work on your behalf to change it or kill it. Sometimes that involves changing or repealing existing laws or administrative rules. The Alliance knows the process and works to help shape policy favorable to quality professional practice.

Alliance Mission

The Alliance is the statewide association of hearing instrument specialists and audiologists headquartered in Wisconsin's state capitol, Madison. These hearing professionals formed the Alliance to accomplish together what they knew they could not do alone.

Its purpose is to foster, promote and protect the professional interests and general welfare of its members and the hearing impaired.

Dues Schedule

Sustaining Member (Full Vote)

\$125

Contributing Member (No Vote)

\$50
